Review Draft Public Opinion Survey

A detailed review of the draft public opinion survey was conducted. Suggested changes were noted for incorporation by the Survey Subcommittee.

Once the identified changes have been made to the draft survey, the revised draft will be sent to all committee members. Prior to the next meeting, each committee member is tasked with taking the draft survey in order to gauge the amount of time the survey takes to complete. Each committee member will then review the survey to propose additional changes to reduce the completion time of the survey to what would be considered reasonable by the typical citizen.
